

Dear Friends,

It is with great excitement that I am inviting you to the **Intentional Disciplemaking Church Conference 2010 – “A Certain Kind”** with Pastor Edmund Chan. This is the first time that we are hosting this conference in Perth.

The conference has been going on in Singapore for several years and over the last few years, it has been overwhelming over subscribed. By the end of the conference each year, all the spaces are taken up for the following year.

That was why we have approached Pastor Edmund Chan to conduct the same conference in Perth this year and he has graciously agreed to. This is really a privilege for us.

Along with this main conference, we are also running a **IDMC Youth Stream** with local youth pastors who will make discipleship relevant to the younger generation and to this land. This Youth Conference will be held at Faith Center in Willetton.

We have also arranged for another concurrent **IDMC Children’s Conference** which will be held at Winthrop Baptist College at Farrington Road which is also the venue of the main conference.

In light of this, we can make this weekend a family affair where our children, youths and adults come for a discipleship conference that will be relevant at all levels.

I look forward to welcome you to this awesome conference that will give me biblical insights and practical handles on how we can become an intentional disciple-making church!

See you at the IDMC!

Your host,

Benny Ho
Senior Pastor
Faith Community Church
