Portraits of God through the Parables

Jesus' parables are like portraits in a gallery, each revealing a different aspect of God's character. Through them, we see God as Father, Shepherd, Master, and Judge. Each portrait teaches us not only who God is, but how we should respond to Him. Together, they help us know God more truly and live before Him more faithfully.

Daniel Luo

Daniel is a doctor, husband, and father of three. He loves the Bible and the way it reveals God's truth, grace, and wisdom. Daniel also loves teaching the Bible and helping others see its relevance for everyday life.

Worship through the Tabernacle

Worship Through the Tabernacle explores the symbolism, patterns, and spiritual truths revealed in the Tabernacle of Moses. Through biblical teaching and practical application, participants will discover how the Tabernacle points to God's presence, Christ's work, and the believer's journey into deeper worship, prayer, holiness, and intimacy with God.

Lester Ong

Lester is a worship leader and teacher with a deep passion for biblical worship and helping believers encounter God. He serves as Faith Community Church's Worship Director and has led and equipped worship teams over 30 years. He currently teaches Worship Theology at King's Worship Academy and co-hosts the "I Can't Believe It's Worship" podcast.

The Bible Overview: God's Redemption Plan

Many Christians know Bible stories but struggle to see how Scripture fits together as one unified story. This course traces Creation, Fall, Redemption, and Restoration, showing how the Bible points to Jesus and God's plan of salvation. Participants will gain a framework for reading Scripture with clarity and understanding their place in God's story.

Mark Tan

Mark served for three decades in the Singapore Armed Forces, before transitioning into church ministry in Perth. He is passionate about helping Christians connect the Bible's grand story to everyday life, culture, work, and discipleship. Mark teaches with a focus on biblical theology, worldview formation, and seeing Christ as the centre of Scripture and history.

Plugged In

Plugged In is a practical workshop that helps believers understand and operate in the nine manifestations of the Spirit in 1 Corinthians 12. Addressing common questions and controversies, it provides biblical clarity so believers can move beyond fear and extremes, grow in sensitivity to the Holy Spirit, and minister with confidence and maturity.

Sin Giap Teo

Sin Giap serves as the Adult Ministry and City Campus Pastor of Faith Community Church with a heart to see believers walk in the Father's love, live empowered by the Holy Spirit, be established by the Cross, and reach the world with the love of God.

Wholehearted Worship

Wholehearted Worship explores worship as a lifestyle shaped by our allegiance to God. Across four sessions, participants will examine idols and lordship, embodied acts of worship, worship through Christian service, and worship expressed through witness. Together, these themes reveal how worship flows from a surrendered heart into every area of life.

Lester Sim

Lester is a Mathematics and Christian Education teacher at a local high school with a deep passion for worship and its formative role in the Christian life. He firmly believes that worship goes beyond the music that's played on the stage every weekend. He also co-hosts the worship podcast "I Can't Believe It's Worship" alongside Lester Ong.
